Our Mission

To serve as a medical home to the most vulnerable members of our community by providing affordable quality health care in a caring environment.

Our Vision

To be a recognized leader in improving the health and wellbeing of Los Angeles' underserved communities by delivering quality medical and social services through innovation, creativity, partnerships, and public policy advocacy.

Dear Friends and Colleagues,

What a year! 2017 was filled with celebrations as Saban Community Clinic commemorated its milestone 50th anniversary. While a lot has changed over the course of the past five decades, one thing remains the same: the Clinic's steadfast belief that health care is a right, not a privilege.

As you flip through these pages we'll take you on a trip down memory lane, looking back on how far we have come. From a single storefront on Fairfax to three clinics providing comprehensive medical care, dental care and social services through more than 100,000 patient visits each year — the changes are significant and vital.

We hope you'll learn something about our historical accomplishments and achievements in the past year. Some highlights from 2017 include:

- **Achieved Patient Centered Medical Home Level 3 Recognition, the highest level, at all three sites!**
- **Our Behavioral Health department flourished with the addition of new group sessions.**
- **Expanded enrollment of patients in insurance programs under ACA.**
- **Conversion of the dispensary at the Beverly Health Center to a fully licensed pharmacy.**
- **A Doctor of Pediatrics was hired to help with expansion of pediatric services.**
- **Launched the Saban MyChart App, allowing patients to make appointments, see their lab results, send their provider a message and refill prescriptions all from their phone or computer.**

We take pride in the successes highlighted in this report. We extend our deepest gratitude to our dedicated staff, Board Members, community partners, generous donors and the Friends Board for the role they all play in the continued success of the Clinic.

With all the positive changes we are making for our patients and staff, we are excited for what's to come and look forward to expanding services in the near future to meet the growing demands of the communities we serve. Without your steadfast dedication to our mission and patients, none of this would be possible.

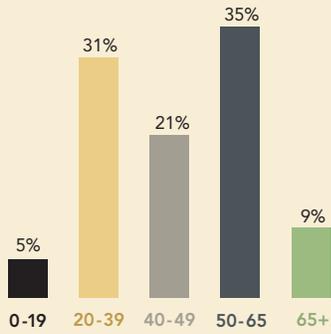

Thank you for your continued support,

Julie Hudman, Ph.D.

Karen Sanchez

PATIENT

When Karen first came to the Clinic more than two years ago, she was in a horrible state of depression and had truly lost the will to live. In fact, it took all she had to leave her home and seek medical attention for symptoms that she could no longer ignore. During her medical visit with Nurse Practitioner Ellen Olivar, Karen was sobbing uncontrollably. Noticing that Karen was in a very fragile state, Ellen offered to connect her with the Clinic's Behavioral Health Team. It was then that Karen met Jose Albert and Rebecca Gillogly who helped to overcome her state of hopelessness and regain the will to live.

"Before (I started coming to) Saban Community Clinic, I was just a shell, or a shadow of what I used to be before my Mom's stroke and my Dad's death. I cried everyday and struggled to make it through each day. Now with the help of Saban, slowly and gratefully, I am finding my way back out of the pain and darkness that used to overcome me. I started to remember who I am as a person, started to remember my dreams, that I still had dreams and ambitions. With the Clinic's help, I found my strength to get up again."

With mental health issues in her family, Karen took it upon herself to get help before it was too late. Through individual and group therapy sessions, Karen has, as she says, "learned to focus on the brighter side of life instead of the darkness."

Karen's gratitude extends beyond thanking the staff for everything they have done for her. You'll often find her volunteering at Clinic events and helping in any way she can. Recently, she was even voted onto our Board of Directors as a consumer member!

Engaging Our Community

28th Annual Patient Holiday Party

On December 12th, 500 patients and members of the homeless community attended the much-anticipated annual giveaway event at First Presbyterian Church of Hollywood to receive clothing, undergarments, blankets, toiletries, books, toys, and a hot lunch.

Adopt a Family

This year 10 families participated in our Adopt A Family program, providing gifts to patients experiencing extreme hardship. Started by Friends Board President Richard Weitz, this annual program allows donors to connect with patients in a unique and personal way. From clothing to grocery store gift cards, the gifts provided much needed essentials for the patients.

Health Fair

More than 400 patients enjoyed our *Summer of Love Your Health Fair* on August 19th at the Wallis Annenberg Children and Family Health Center. Guests participated in games, crafts and more. Clinic staff successfully administered 190 health screenings, made 27 new patient appointments and enrolled 6 new attendees in a healthcare plan. The event was produced in partnership with LA Supervisor Sheila Kuehl.

Health Coverage

In 2017, Clinic staff enrolled more than 5,000 individuals in a health plan that was right for them. The Clinic participated in 30 enrollment events and hosted 4 during open enrollment for Covered California.

Baby Shower

On December 6th, eight new and expecting moms and their families had a great time at the Clinic's first baby shower. Patients enjoyed presentations made by HealthNet and First 5 LA's Welcome Baby Program, a delicious lunch, and baby shower games with great prizes!

① Thank you to our friends at Saban Brands for a special appearance by the Power Rangers. The past couple years, Clinic patient Gregory Jackson has volunteered to be Santa Claus.
② Richard Weitz (third from left) and his family, provided gifts to the Carias family for the second year in a row.
③ Friends Board Member Martha Henderson with patient Heidi Reyes and her two sons. ④ Representatives Marley Powell from LA County Supervisor Sheila Kuehl's office and Janet Turner from Congressman Ted Lieu's office recognized the Clinic for 50 years of serving the community.

*"I love taking my family to the Clinic to meet the patients. It really connects us to the Clinic and the community we serve."
– Richard Weitz*

The Clinic staff enrolled over 5,000 individuals in a health plan in 2017.

*"My baby and I are blessed. The staff at Saban made sure I was taken care of throughout my pregnancy."
– Patient at the Baby Shower*

A letter of appreciation from a dental patient:

October 1, 2017

Dear Board of Directors and Partners,

I arrived at the Beverly location 12 months ago on public assistance. I [came to] the Clinic with 16 of 32 adult teeth and a chronic history of odontophobia.

Prior to meeting personnel, it was evident from the inception that this was a well organized and meticulous operation. I observed the physical environment; it was without clutter, clean and maintained contemporary equipment.

Next I met with Dr. Dastur (Dental Director). I observed her to be quiet and keen. I was surprised when she opened the interaction with pleasant small talk and continued as she evaluated the task at hand. She fostered an environment that was easy to share my dental traumas beginning in childhood. She then set down the plan of action for restoring my oral health. Her extraction work was unbelievable. I wanted to say she did nothing, except the tooth was no longer present. Needless to say no pain or swelling ensued.

GROW (General Relief Opportunities for Work) is a component of public assistance. The social worker identifies and addresses barriers to employment; for example, transportation, equipment, clothing, etc.

Nowhere does public assistance address missing teeth as a barrier to employment. ...Saban Community Clinic addressed that very important need for me in the form of a dental partial. The results... have been life changing.

I am receiving positive responses from employers and of course smiling!

I can attest to receiving quality health care in a caring environment at my most vulnerable state.

A. Leigh Coleman

PATIENT

50 Years of Caring for Our Community

1960s

1967: Albert Schweitzer Memorial Clinic is founded in the “Summer of Love.” The Clinic moves three times during its first few months due to lack of funds.

1977: Friends of the LA Free Clinic host their first fundraiser, a roast honoring District Attorney John Van de Kamp. The roast has since evolved into the Clinic’s Annual Dinner Gala.

January 1968: Clinic reopens as The Los Angeles Free Clinic at 115 N. Fairfax with largest donation to date: a \$5,000 grant from the 1967 Monterey Pop Festival.

1970s

Circa 1970: Elvis Presley comes to the Clinic with \$10,000 donation. Says, “Don’t spend it on drugs or bad things.”

In the first three years volunteers provide medical care, draft counseling, legal services and a job co-op to 110,000 people free of charge.

1973: Friends of the Los Angeles Free Clinic is founded to professionalize both the Clinic’s fundraising and its standard of care.

1975: After a successful fundraising effort led by Mimi West and Seniel Ostrow, a new, more spacious building is purchased at 8405 Beverly Blvd.

Mimi West

1980s

1987: The Clinic celebrates its 20th Anniversary. A campaign led by Mimi West, Ellen Hoberman and Joel Schwartz raises \$2.3 million in 18 months. The Beverly Health Center is renovated into the three story facility we know today and includes expanded medical rooms, dental operatories and a shower program for homeless patients. Senator Ted Kennedy officiates the opening.

Clinic President Joel Schwartz, Mimi West, Senator Ted Kennedy, Ellen Hoberman and Clinic Executive Director Gary Bess

1990s

1990: In response to the AIDS epidemic, the Clinic entered a partnership with the City of West Hollywood to serve the growing population of frail elderly and people living with AIDS in the area. The Clinic continues its high-risk youth programs to encourage safe sex and link HIV positive patients to local programs.

1992: The Clinic further expands and purchases the Hollywood site, made possible by generous support from the S. Mark Taper Foundation. The High Risk Youth Program moves into the heart of the community that needs it most.

1995: The Clinic operates on a \$4 million budget with 60 paid staff providing 40,000 patient visits a year.

2000s

2002: The Clinic opens its third site, the Hollywood Wilshire Health Center. This unique partnership between the public and private sectors allows for providers to refer patients to specialists in the Clinic or to the County, creating a more cost-effective model of care.

2007: The Clinic celebrates its 40th anniversary. A capital campaign chaired by Sam Fischer

raises a historic \$17 million. The Clinic opens the Wallis Annenberg Children and Family Health Center, expanding prenatal and gynecological services.

2008: The Los Angeles Free Clinic receives an extraordinary \$10 million endowment from philanthropists Cheryl and Haim Saban. The Clinic is renamed The Saban Free Clinic in honor of the largest individual gift in the Clinic's history.

2010s

2010: The Behavioral Health department begins group therapy sessions which now include trauma, women and teen support groups, mindfulness and smoking cessation classes.

2012: The Clinic is designated as a Federally Qualified Health Center, allowing the Clinic to apply for federal funding to help offset costs and expand services. The Clinic is renamed Saban Community Clinic.

2017 & Beyond:

Fifty years after opening its doors, Saban Community Clinic is still rooted in its founding principle that healthcare is a right, not a privilege. The Clinic serves as a medical home providing comprehensive quality care in a caring environment. With longstanding partners including Cedars-Sinai Medical Center and LA County, the Clinic is poised to continue to grow and meet the needs of our community.

Gregory Andrews

PATIENT

Gregory Andrews, 56, was born and raised in Los Angeles. Gregory is a kind and reserved man, a 'gentle giant' if you will, towering at well over six feet tall with a smile that could brighten anyone's day.

At any given time, well actually every day, you can find him in his car, parked right outside our Beverly Health Center. You see, Gregory is homeless and lives in his car.

Just last year, Gregory was enjoying a career as a bus driver and living a modest life in the home he inherited from his parents. A series of very unfortunate events caused him to lose his home. In addition, a back injury required surgery, leaving him disabled and out of work.

Without a place to go, he found himself on the streets. A friend introduced him to the Clinic where he now takes showers daily and receives both medical and dental care.

"I am not sure where I would be today without the Clinic. It's the only place I can come to get all my needs met. Knowing the Clinic is here for me gives me peace of mind," says Gregory.

He has developed a wonderful relationship with Case Manager Chenelle Groomes, who has helped him enroll in Medi-Cal and actively works with Gregory on securing permanent housing. She's not only a resource for Gregory and others like him, she provides comfort at a time when they are most vulnerable. The Clinic has become Gregory's "safe haven," a place he can depend on.

Friends of Saban Community Clinic Events

2017 was filled with festivities celebrating the Clinic’s momentous 50th Anniversary! Board members, supporters, and community partners gathered at events throughout the year to toast the Clinic’s accomplishments and historic milestones.

22nd Annual Golf Classic

April 3rd | El Caballero Country Club

More than 70 golfers enjoyed a day on the links at the El Caballero Country Club in Tarzana to raise \$170,000 for patent services.

1 First place teammates Will Park, Mitch Geller, and Scott Marshall celebrate their victory. 2 Event chair John Frankenheimer (left) with teammates Chad Jensen, Adam Anders, and co-chair David Levine. 3 Honoree John Amato, President of The Hollywood Reporter-Billboard Media Group, and his team intimidating the competition. L to R: Neil Jacobson, John Amato, Justin Stump, and John Alfano. 4 A longtime supporter of the Golf Classic, The Johnny Carson Foundation came in second place. From L to R: Steve White, Larry Witzer, and Tony Behrstock.

50th Anniversary Celebration

April 27th | London Hotel

This intimate event of 100 longtime supporters and volunteers provided an opportunity for the Clinic to acknowledge the countless contributions by such a passionate group over the past 50 years.

① Friends Board Members Marcia Steere and Barbara Marshall, Harry Steere, and former Clinic CEO Abbe Land. ② Friends Board Members Sam Fischer and Ellen Hoberman have been spearheading the Clinic's milestone fundraising initiatives for over 30 years. ③ CEO Julie Hudman and Clinic Board Vice Chair Russell Alexander-Orozco. ④ From left: Clinic Board Members Mitch Pindus and Joanne Dietch with Polina Pindus. ⑤ Wanda De Jesus, Friends Board Member Warren Littlefield, actor Jimmy Smits, Richard Weitz, and Eric Hoberman.

2nd Annual Let's Get Real June 6th | Jonathan Club Santa Monica

More than 300 guests from the unscripted television industry attended this year's cocktail party, raising \$200,000 for vital clinic services. Through this event, the reality television sector has become a vital part of the Clinic's fundraising success.

- ① Jeanne Newman (second from left) presented honoree Cris Abrego (center), CEO, Endemol Shine North America and Chairman, Endemol Shine Americas with his award. Pictured with co-chairs (L to R) Marc Kamler, Hayden Meyer, and David Eilenberg.
- ② Friends Board member Tom Hoberman, Clinic CEO Julie Hudman and Clinic Chief Marketing and Advancement Officer Adam Friedman.
- ③ MasterChef Juniors Sean Le, Natalie Jawher, and Jimmy Warshawsky decorated cupcakes for attendees. ④ Netflix executives Bela Bajaria (Friends Board Member) and Brandon Riegg.

50th Anniversary Dinner Gala November 13th | Beverly Hilton

The Clinic's largest annual fundraiser was made even more spectacular with the celebratory spirit of the Clinic's 50th Anniversary infused throughout the night's program. The ballroom was bursting with more than 800 attendees for the sold out event.

1 The crowd was treated to a very special musical performance by the legendary Tony Bennett. 2 Actor Winona Ryder presented Ted Sarandos, Chief Content Officer at Netflix (left), with the Friends Leadership Award. Actor and comedian Jeff Garlin was the evening's emcee. 3 Third from the left, Peter Benedek, Founding Partner and Board Member at United Talent Agency, was honored with the Lenny Somberg Award. He's seen here with Actor Will Arnett, and Event Co-Chairs Ellen and Tom Hoberman. 4 Ann Gianopulos, Chuck Lorre, Ted Sarandos, Haim Saban, Nicole Avant, and Jim Gianopulos. 5 Honoring the Clinic's founding during 1967's "Summer of Love", Michelle Phillips of The Mamas and the Papas introduced a video detailing the Clinic's 50 year history. 6 Zev Yaroslavsky, Cheryl and Haim Saban.

Suki Stone

FORMER PATIENT

In 1970, after several doctors in Wisconsin were unable to diagnose some paralysis in her hand, Suki Stone headed to Los Angeles to see a specialist and have surgery. Her original plan was to stay until she recovered and then head back home. However, after falling in love with LA, Suki decided to make it her new home. With a deep passion for giving back, she began volunteering at UCLA where she met two girls with whom she shared an apartment. A few months later, Suki began to experience some health issues but did not have insurance, she didn't know where to turn... Her roommates suggested she visit The Los Angeles Free Clinic.

"I didn't have anywhere to go and needed to see a doctor. I will never forget Dr. Gold and all the caring staff at the Clinic. They knew me. They called all of us by name. There was respect for the patients. They were all so authentic and cared about everyone who walked through the doors."

Suki Stone in 1972

This past November, Suki attended the Clinic's 50th Anniversary Dinner Gala. She wanted to give back to an organization that helped her during a time of need. The event and specifically the videos, showcasing the Clinic's history and a patient story, brought Suki to tears. "So much from that time has changed, but the free clinic has grown and expanded in 50 years. The morals and values are still there. They still provide exemplary medical service. They treat people with respect and don't pass judgment. That's what impressed me. Saban Community Clinic is just what it was then, only better. That's something that the Clinic and all of the people that are connected to it should be proud of."

Suki has dedicated her life to helping others. Her mission is to teach children with learning disabilities how to read. She gives back to organizations that are close to her heart, including the Clinic!

We are proud to have a lasting impact on Suki and thousands of others who walk through our doors. As we celebrate our 50th anniversary, we hold dear the values and the foundation that the Clinic was built upon — healthcare is a right, not a privilege and EVERYONE deserves access to affordable, quality care.
